Description

The T-T03 is one of the most iconic products by Temper. A wide and eccentric-looking table characterized by a 3-pointed star shaped central leg. The orientation of the table around its own axis generates ever-new shapes and perspectives that blend with the domestic spaces. The table top is made entirely of Fenix®, a revolutionary high-quality material, extremely resistant to scratches, low light reflectivity, anti-fingerprint surface and a soft-touch feeling. All Temper products are made of raw pickled iron and are provided with a transparent or colored matte finish base.
